Skoog, Ostling Comment On No-Kill Proposal

DNR Director Ronald Skoog and State Representative Ralph Ostling made brief comments concerning no-kill rules for the mainstream AuSable in response to letters sent to them by Grayling resident Terry Stempkowski.

Stempkowski, owner of Terry's Vinyl Products of Grayling, sent Skoog a copy of Mike Delp's UpNorth column published in the Avalanche titled "A Modest 'No-Kill' Proposal." She wrote on top of the copy, "This says it all. No-Kill is ridiculous."

Skoog wrote this brief note to her: "You're not alone — have received similar comments from others. Point of clarification, however — we, the DNR, are not proposing the no-kill area, and at this point anyway, have no intention of doing so."

Ostling sent Stempkowski a one-page letter with information about no-kill and suggested she contact John Scott, Chief of the DNR Fisheries Division. Ostling said he has been assured that before any changes are made in trout fishing regulations on the AuSable River, ample opportunity will be provided for public review and comment.

"I have been, and will continue to be, opposed to having a 'no-kill' regulation placed upon trout caught in the AuSable River," Ostling wrote. "Unfortunately, as this matter will ultimately be decided by the Department of Natural Resources, I will not have the opportunity to vote on this issue..."

Lovells Recall Election Slated For This Fall

A recall election for the five members of the Lovells Township Board will be held before November 4. The county special elections scheduling committee still must set the election date but state laws say it can be no later than November 4.

The petitions for the recall were filed with the county clerk July 30 by Thomas G. Miller. The clerk by law has 35 days to determine if the petitions have enough legal signatures. If the petitions are ruled legal, then an election must be held within 60 days.

Thomas Miller, Robert DeVos, James Kinsman, Frederick Schaibly, and William Pulgini circulated the petitions to hold an election to recall the township board members. There were 106 signatures to hold a recall election for supervisor Lyle Jewell, 104 signatures for clerk Helen Spencer, 103 for treasurer Dolores Haberland, and 101 each for trustees Betty Burden and Esther Joyce Mullin.

The petitions read: With respect to proposed improvements and additions to the Lovells Township Hall and to the Lovells Township Fire Building, the above stated elected Township official during the term of office, incident to official duties required, failed to faithfully represent the people of Lovells Township, and was otherwise guilty of misconduct as follows —

1) At an annual Township Meeting held March 30, 1985, failed to disclose the actual cost of such construction.

2) Failed to submit the project for, or otherwise secure competitive bids.

3) Approved the contract for such construction in the amount in excess of that contained in the budget approved at the stated annual meeting.

4) No public notice was given of the proposed addition to the Township Fire Building of public outside restrooms.

5) Permitted start of construction prior to issuance of required building permit.

6) Approved signing of construction contract without posting for public inspection and notice in the Township, of the architect's drawings and specifications.

Lovells Township Supervisor Lyle Jewell says the charges are false. Jewell said at the time of the annual meeting, the township board didn't know the actual cost of the construction because they had not received a bid yet. What the township did was set aside \$12,000 from the general fund, \$3,000 from the fire fund, and the balance for the construction was to be taken from the Revenue Sharing, he said.

Treasurer Dolores Haberland said the actual bid for the work didn't come in until a couple of weeks after the annual meeting.

On the second charge, Clerk Helen Spencer said for years the township would seek bids from local people and sometimes no one would bid. She said there were no licensed builders in Lovells Twp. who could handle the project so the supervisor talked to five different builders in the area. Only one finally submitted a bid. Haberland said the board didn't have to seek bids and their attorney has told them they did nothing legally wrong.

On the third charge, Jewell said the township approved \$12,000 from the general fund, \$3,000 from the fire fund, with the balance coming from revenue sharing. Haberland said there was about \$18,000 in revenue sharing that had been building up. Spencer said the revenue sharing has to be used for something and isn't supposed to be held more than five years.

On the fourth charge, Jewell said a public hearing was held at the annual hearing. Haberland said by law the township was required to have the restrooms to go along with the park and ballfields. She said the restrooms have been in the works for one or two years and most of the persons circulating recall petitions knew about them.

On the fifth charge, Jewell said the township issues permits and was just a matter of waiting for the store to open where the building inspector hands out the permits. Spencer said the next morning after the builders arrived with equipment, the permit was posted. Haberland said the permit was applied for before construction started but just was not able to be posted right away.

On the sixth charge, Jewell said the drawings were presented to the public and were available to be viewed by anyone who wanted to see them.

Township trustee Betty Burden said the charges are totally unjustified and unfair.

"A lot is being made out of nothing and it hurts me terribly," Burden said. "No board that is ever going to be elected will please everyone all of the time. A board is elected to make these decisions. Just because a few are unhappy doesn't mean you should tear a whole community apart."

"These charges don't warrant a recall. No See Lovells on Page 16.

Grayling Woman Dies From Two-Car Collision

Cynthia Jane Maher, 42, of Grayling, died Saturday following a two-car collision on M-72 East six-tenths of a mile west of Chase Bridge Road.

Five children in the car driven by Maher were seriously injured, Scarlet Maher, 14, Tiffany Maher 8, Jon Maher 14, Kimberly Burk, 12, and Melissa Fisher 14.

The second car was a Crawford County Sheriff Department patrol vehicle driven by Lt. James Parker. A reserve officer, Mike Shearer, was a passenger in the patrol car.

All eight persons were transported to Grayling Mercy Hospital. Maher was pronounced dead at the hospital. Two of the children were transferred to Munson Medical Center. The other three children and Parker were admitted to Mercy Hospital. Shearer was treated and released.

Michigan State Police, who are handling the investigation of the accident, said the

sheriff car was heading west bound on M-72 and the Maher vehicle was heading east bound when it apparently made a left turn into the path of the sheriff car. The accident is still under investigation.

The two men in the patrol car were wearing seat and shoulder belts. State police said it was undetermined yet whether the passengers of the Maher car were wearing seat belts.

The accident occurred at about 10 p.m. Saturday, August 3. The Crawford County Ambulance Corps, Frederic Twp. Ambulance crew, Otsego County emergency services, and Northern Michigan emergency services helped transport injured persons. The Grayling Fire Dept. Jaws of Life were used to free persons, and Grayling City Police and state police from Houghton Lake, Traverse City, and Gaylord assisted sheriff deputies at the scene.

From Our Corner...

Let me tell you about our granddaughters...

We just received a phone call from Toni stating that they were up at Elk Rapids with John's mother for a birthday party for John's grandmother who was 91 years old...Toni said that T.J. and Stefany were going to stay with grandma Dyke this coming week and she was going to stay with us...then next week the girls were coming over here for a visit, before returning to the Buckeye state and another school year...we haven't seen them since March...not like it used to be when they were Wolverines...

With the important thing in our life taken care of we will now try to fill the rest of this turkey...

KORRECTION KORNER...we reserve this space to make amends for our yearly mistake, or in other words to set the record straight...

Before the ink had even dried on last week's issue we started to receive flak, with remarks like, your column was all right but, you don't know what your writing...or, why don't you check with someone before you write about transfers...those were just two of the mild ones...

Friend George of McIntyres Landing was the second one that jumped me, he had a suggestion that he take over writing this turkey because we didn't know the facts...it has been that way all week, any person that I knew belonged to St. Mary's church I started to shy away from them, knowing what they were going to say...I stopped counting after about 75 people reminded me of my mistake...one other remark was, who do you think you are the Bishop, when you send a priest in one direction when he is going in the opposite?... In case you came in late, and didn't read our last week's efforts, we will fill you in...seems as how I mentioned that the St. Mary's parish was going to lose their beloved Father Bill to another parish...for some reason we moved Father Bill to Traverse City without the permission of the Pope...Father Bill is going to St. Anne's in Alpena...the new priest for St. Mary's is coming from Traverse City (I hope)...if not, I'll surely have something to write about next week...

Being a Mason we should have realized that the young man would be traveling east some day...but, then we wouldn't have had anything to write about this week...

Anyway, we are sorry if we caused any confusion and concern among the parishioners at St. Mary's...we have been in this racket too long, and there are not many friends left to lose...

To Father Bill, we wish you well, and when you get to Alpena and have the occasion of meeting Phil Richards, owner of the Alpena News, be sure to tell him that Whitey and Muck send their regards...

An Idle thought...just when we were taking all the flak from what we just referred to, we received a card from Henrietta Bear down in Florida...thank you, Mrs. Bear for your kind words, and I'm happy you enjoyed that certain column...the note sort of picked up our ego a bit after what we had just gone through...

We don't normally wish individuals happy birthday in our corner, but, this one is sort of special...Thelma and I ran into Barney and Mary Dukes with Dick and Jean Raab at the hotel Friday night and learned that the Dukes' were back up at their lake home for August...what is so special is that Mary came all the way from Indianapolis, Indiana to celebrate her 39th plus birthday...so, happy birthday to a Hoosier from a Michigander...

It's not too early to mark your calendar and plan on taking in Crawford County's 3rd annual Fair August 23-25...it's getting bigger and better every year...we're sure you will enjoy yourself...

That's the corner for this week...goodnight T.J., Stefany and Amber, and to anyone who may read this, have a nice weekend...we're looking forward to the next two weeks...

The Bible Speaks

From Calvary Baptist Church

LINCOLN AND DIVINE JUSTICE

We have already observed that President Lincoln recognized the absolute sovereignty of almighty God over the affairs of the United States of America. He assured us that continued national blessing required acknowledgment of God at the head of our nation. "...and to recognize the sublime truth, announced in the Holy Scriptures and proven by all history, that those nations only are blessed whose God is the Lord."

Lincoln reminded us that loss of blessing comes from rejection or violation of God's divine laws over our nation. "And inasmuch as we know that by his divine law nations, like individuals, are subjected to punishments and chastisements in this world..." Lincoln believed the Civil War was God's judgment upon America for the sin of human slavery. "...may we not justly fear that the awful calamity of civil war which now desolates the land may be but a punishment inflicted upon us for our presumptuous sins..." In his second inaugural address, Lincoln made this truth even clearer, "If we shall suppose that American slavery is one of those offenses which, in the providence of God, must needs come, but which, having continued through his appointed time, he now wills to remove, and that he gives to both North and South this terrible war, as the woe due to those by whom the offense came..."

Lincoln's belief in a sovereign God who rules in the affairs of men according to His divine laws, was the scriptural basis for Lincoln's declaration that right makes might. "Let us have faith that right makes might, and in that faith let us to the end dare to do our duty as we understand it." It was this firm faith which caused Lincoln to conclude a letter to General Ulysses S. Grant

saying, "And now, with a brave army and a just cause, may God sustain you."

Lincoln believed peace would be God's gift for fighting a just war. "...And while it has not pleased the Almighty to bless us with a return of peace, we can but press on, guided by the best light he gives us, trusting that in his own good time and wise way all will yet be well." Lincoln said, "Let us diligently apply the means, never doubting that a just God, in his own good time, will give us the rightful result."

Lincoln believed the problems in America could be corrected by God and Christianity if citizens remained patriotic and used common sense in defense of right. "Intelligence, patriotism, Christianity, and a firm reliance on Him who has never yet forsaken this favored land, are still competent to adjust in the best way all our present difficulties." In defense of his second inaugural address, Lincoln said, "Men are not flattered by being shown that there has been a difference of purpose between the Almighty and them. To deny it, however, in this case, is to deny that there is a God governing the world."

The one thing which made President Abraham Lincoln perhaps our greatest president was his desire to do God's will. "...It is my earnest desire to know the will of Providence in this matter. And if I can learn what it is, I will do it." "Whatever shall appear to be God's will, I will do." Lincoln relied fully upon the wisdom and power of God to guide the United States of America in justice and righteousness.

Lincoln's warning to America in 1863 needs desperately to be repeated today, "...but we have forgotten God."

Martin Milner To Star In Mass Appeal

The Cherry County Playhouse continues its 31st 'Star Season' when producers Neil Rosen and Pat Paulsen present Martin Milner in "Mass Appeal," from August 13 through August 25, 1985.

Set in the ritual of the Catholic Church, "Mass Appeal," written by Bill C. Davis, deals not only with religious ideals and dogma but also with the fresh approaches toward life that come from youth. Father Tim Farley, played by Martin Milner, is portrayed as a priest from the 'old school' tormented by growing feelings of discontent which are enhanced by the radical views of the novice Mark Dolson, played by Scott Williamson. The elder priest tries to remain in line with his own teachings as he mediates between the Church and the novice, but finds himself torn between the two.

Written in dramatic style, "Mass Appeal" is at once a witty, often funny, and poignant discussion of humanity.

Sibs for Kids

The Crawford County Sibs for Kids held a fundraiser at the rest area just South of the Grayling exit. The fundraiser was very successful as we served many travelers' cookies and coffee. Sibs for Kids would like to express their gratitude for their generous donations. We would also like to thank the local merchants who helped us with various food items.

Sibs for Kids is still in need of volunteers to become Big Brothers and Big Sisters for their "Littles." If you are interested please call our office at 348-2041, ext. 262 or stop by on M-72 West.

Sibs for Kids is United Way supported.

Her son and wife, Tom and Pat Penny, also of Toledo, visited while Pat took part in the Milltown Race, coming in first in the women's division. On Monday, July 29, Helen and daughter, Joan Rasmussen, were in Prescott to see an aunt and uncle from Florida, Mr. and Mrs. Pat Flanigan. They also visited Mr. and Mrs. Gary San-Cartier there. Dawn Harwood of Florida was met in Tri-City and arrived to spend two weeks visiting her father, Minard Harwood and family.

Recently a camper came into the office to ask about a snake which he wasn't familiar with since he was from out of state. It is a question we hear several times a year. "What do you call that little bright green snake?" "It's only about a foot long, I've never seen such a snake before." The people look a little perplexed when you say that we call it a "green grass snake." One source I have states that it is a gentle little reptile that is plain bright green above and plain or washed with yellow below. This snake seldom exceeds twenty inches in length. Another source claims this is the only Michigan snake which feeds almost entirely on insects. It can be found throughout both peninsulas, but is most common in the northern areas of the state. The young hatch from eggs which are capsule shaped (one inch by two-fifths of an inch). When hatched they are olive colored and four to five inches long. These snakes are not climbers, but I have found them up in blackberry bushes where they are hunting spiders and other insects. Crickets, grasshoppers, and spiders constitute the bulk of the food, so they are beneficial to us.

Should Legislature Be Part-time?

by Richard Milliman

MICHIGAN VOTERS will be asked to decide at the polls in 1986 whether they want their state lawmakers to go home each year after spending four months making laws.

The question of the part-time legislature is front and center again on the Michigan political stage, with a new campaign to collect signatures on petitions to place the issue on the next statewide ballot.

But collecting 304,000 signatures is a big job. Advocates of a part-time legislature threw in the sponge a year or so ago after their campaign netted only about 100,000 signatures after many months of work.

Now there seems to be new vigor in the campaign, as well as a recognition that both organization and money are necessary to make the petition drive succeed.

AT FIRST GLANCE, it appears that backers of the drive are in better shape now than before. They received quite a bit of publicity when they kicked off the campaign, plus almost immediate editorial support from The Detroit News and The Lansing State Journal, two of Michigan's most politically influential newspapers.

In addition, Richard Chrysler, Brighton businessman, has taken on the assignment as finance chairman for the drive. Chrysler has been a successful Republican fund-raiser in the past, and there is no reason to think he won't succeed again.

Chrysler says he has commitments already for \$100,000 for the part-time lawmaking drive, and expects to collect \$175,000 to \$200,000. The last petition drive raised only \$12,000.

Even if Chrysler's efforts succeed half way, it should be plenty of cash to make the petition drive successful—at least to put the question before the voters. The general election campaign, however, will require more financial muscle to get the full story out to voters.

MICHIGAN IS ONE one only a half-dozen states with a full-time legislature; 44 other states have some version of a part-time schedule. Michigan also is second highest paying in the nation in lawmaker salaries and expenses, trailing only Alaska. Lawmakers in Michigan now are paid about \$35,000 a year, plus \$6,700 yearly expense allowance.

The new petition drive is headed by a half-dozen present full-time legislators, including Sen. Ed Fredricks of Holland,

and Reps. Thomas Power of Traverse City, Victor Krause of Rockford, Dick Fitzpatrick of Battle Creek and Mike Nye of Litchfield.

The proposal would have several facets. It would:

—LIMIT LEGISLATIVE sessions to begin in January and end in May each year. However, the governor or legislative leaders could call special sessions for 15 working days to handle special problems.

—REDUCE ANNUAL legislative salaries to \$15,000 and cut expenses to \$50 per session day attended. This would save \$2.5 to \$3 million a year.

—REQUIRE EMPLOYERS to grant unpaid leaves of absence to part-time legislators. This provision was included to counter the argument that part-time legislating leads to lawmaking by only the rich or the retired, because ordinary working people couldn't afford the time away from their jobs unless the legislature is full-time.

—ELIMINATE PENSION benefits for part-time lawmakers of the future; those who already have built up benefits would still receive them, however.

IT MAKES SENSE to permit the people of Michigan to decide how much legislative service they want to buy. The full-time legislature has crept to its present state in stages; in 1963, for example, the legislature was part-time, salaries were \$7,000 and expenses were limited to \$1,250.

Twenty years or so ago, the total cost of operating the legislature was about \$11 million; last year it was \$57.5 million.

Even with the full-time label, many observers question full-time service. In 1984, for example, the Senate met for 90 session days and the House for 102—an average of two days a week for 10 months. So far this year, according to Sen. Fredricks, adding together all the days of session would total only three or four weeks of legislative work.

Of course, neither of these figures includes committee meetings or constituent services, back in the home district or at the Lansing office.

The main question seems to be how much legislating does the voter want? Hopefully, a vote in November of 1986 will provide some answers.

Hunter's Choice and Landowner Limited

Deer Applications Available Now

Lansing — Application forms for Hunter's Choice (either sex deer) and Landowner Limited Hunter's Choice deer licenses for designated areas in Michigan are available now, report Michigan's Department of Natural Resources (DNR) Wildlife Division personnel.

DNR studies show Michigan's deer herd has increased, setting the stage for an outstanding hunt this fall. Over-winter deer losses were minimal and fawn recruitment excellent.

The number of Hunter's Choice licenses issued this fall will be determined by the Natural Resources Commission at their August 8, 9, meeting in Escanaba. Hunter's Choice applications and a guide diagramming available deer management areas may be obtained at any DNR District and Regional Office; DNR's Information Services Center, Box 30028, 7th Floor Mason Bldg., Lansing 48909, and through licensed dealers. Deadline for application is September 24.

Hunter's Choice licenses will be valid for use during the regular firearm season from November 15-30, and during the muzzleloader firearm season, December 6-15.

A Hunter's Choice license and a valid firearm deer license allows a hunter to take a deer of either sex within the area/season specified on the license.

The Landowner Limited Hunter's Choice license and a valid firearm deer license authorizes the hunter to take a deer of either sex on their own lands, on adjoining private lands (with owner's permission), or on lands leased by the permit holder, lying within the area/season specified on the license.

Great Lakes States Making Strong Economic Recovery

Warren M. Hoyt, Exec. Dir., MPA

The Great Lakes states are rebounding faster than many others and many are now providing tax cuts, according to a fiscal survey of the states issued recently by the National Association of Budget Officers (NASBO).

The states ended fiscal year 1985 with a year-end balance of about \$5.4 billion, down from a balance of \$5.6 billion for fiscal 1984, but the amount is still up substantially from the record low of \$1.6 billion in 1983, the report stated.

Budgets approved for fiscal 1986-87 show further reduction of expected surpluses, to \$4.2 billion, according to the report.

The 1985 surplus represents about 2.9 percent of spending and 1986 budgets will drop that figure to 2.1 percent, while bond analysts recommend a 5 percent cushion.

While the 1984-85 figures are considered by NASBO as signs of a recovery, they are less than half of the general fund reserves states held prior to the recent recession.

The report noted about half of \$5.4 billion aggregate surplus is held in just four states—California, New Jersey, Minnesota and Wisconsin.

Regions most affected by the recession—Great Lakes, New England and Mideast—have seen a turn around in their economies because of increased employment and previously enacted tax increases, according to survey.

Most of these states are now lowering taxes, the survey reported.

States that have shown a slowdown in their economy include those that rely heavily on farming, mineral, forestry and energy industries, the Southwest, Northwest, and Rocky Mountain regions.

Many states which are experiencing an upturn in their fiscal balance are also tightening their belts, as states are being cautious in planning for their 1986 budgets because of likely cuts in federal aid, possible elimination of individual taxpayers' deductions for state and local taxes on federal returns, and fear of another recession, the report said.

While states spending increased by 11.4

percent in 1985 (5.7 percent after adjusting for inflation), that will slow to an increase of 6.7 percent in 1986 (1.5 percent when adjusted for inflation), the report said.

That is the lowest rate of growth since the recession.

Balances in separate budget stabilization or "rainy Day" accounts held by 27 states doubled during fiscal 1985, to a total of \$1.9 billion.

The report said that will top out at \$2.1 billion in 1986, or about 1 percent of expenditures.

Only three states will show a deficit for fiscal 1985, two of them - Alaska and Nebraska — are covered by state budget stabilization funds and Vermont is the only state without a balanced budget requirement.

Three other states — Hawaii, Louisiana and Washington — were forced to cut back on fiscal 1985 budgets after the fiscal year began.

Meanwhile, the Michigan Department of Management and Budget (DMB) reported its increased revenue projections for the current and 1985-86 fiscal years reflects "further evidence that Michigan's comeback is strong."

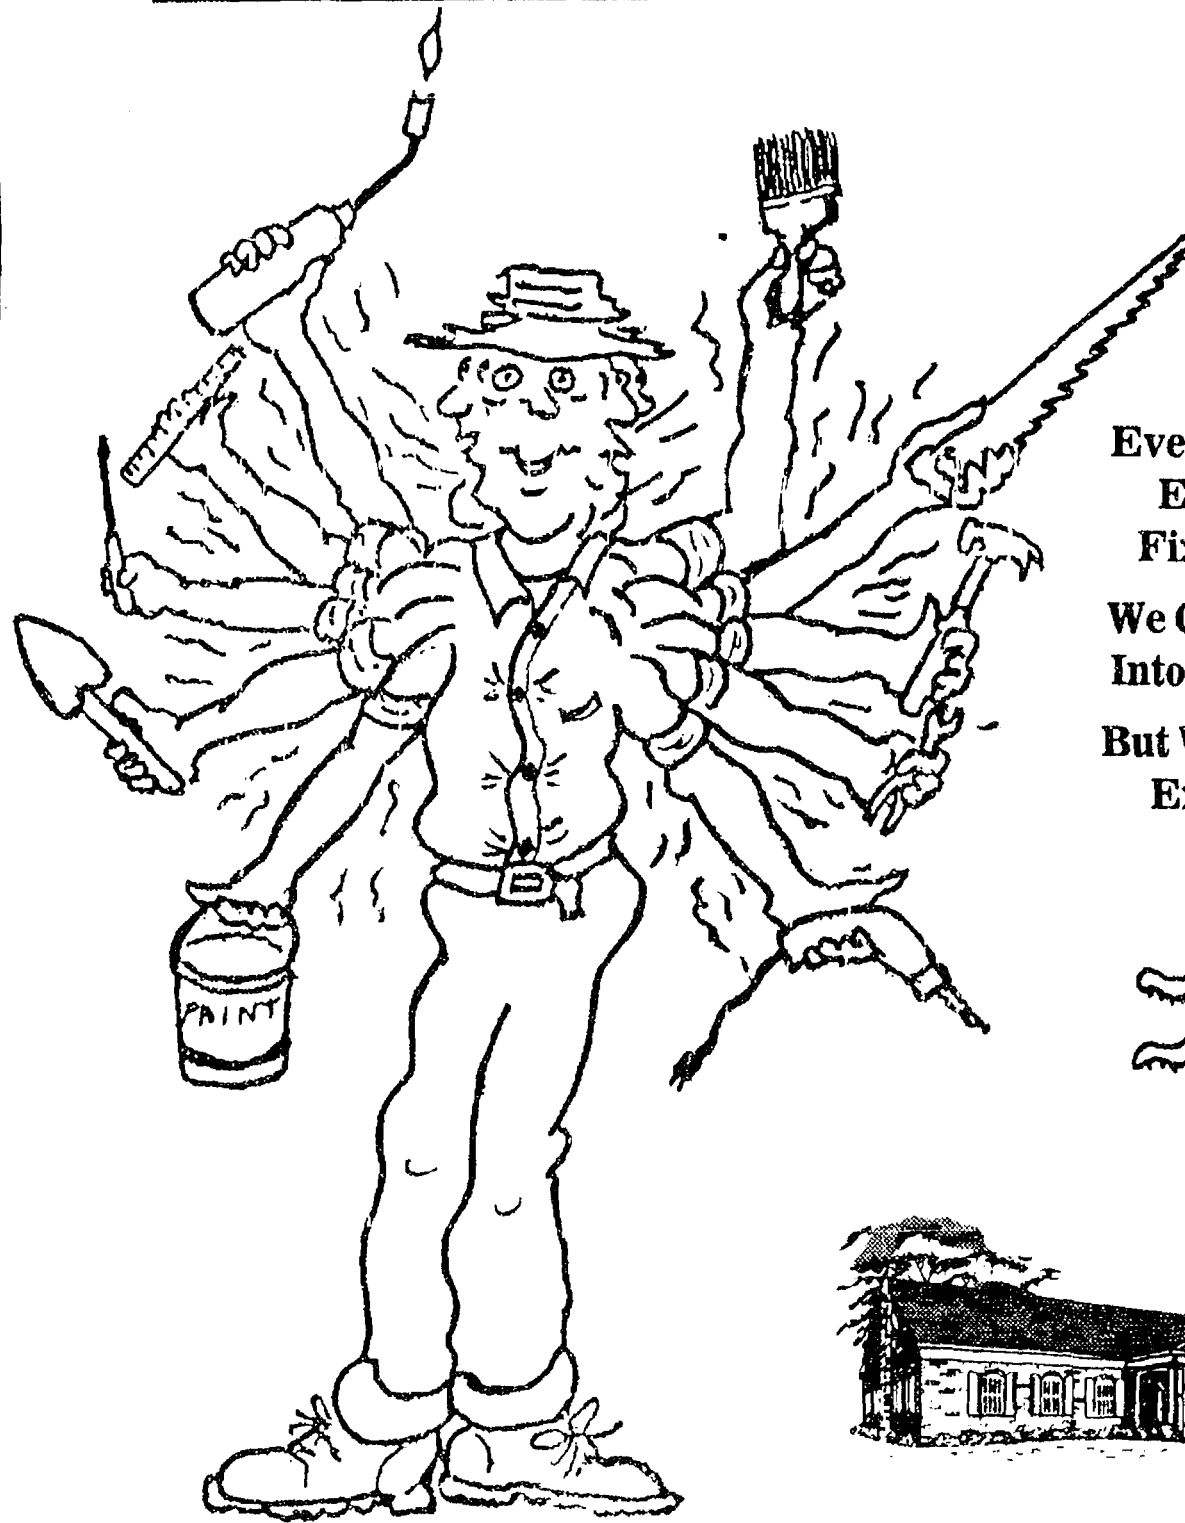

Department Director Robert Naftaly said economic indicators point to continued steady improvement in the overall economy.

DMB's monthly report to the Legislature increased general fund revenue by about \$40 million in each fiscal year, primarily because of higher sales and income tax collections and lower than expected income tax refunds.

The higher estimates enabled an increase above the Governor's earlier proposals of about \$100 million for education and prison programs in the 1986 budget.

The report showed a \$20 million increase in the 1985 surplus to \$52.8 million, even though the Department of Social Services is expected to return to the state \$10 million less in unspent appropriations than had been anticipated.

Organ music was provided by Janet Dice, along with a duet "Nobody Loves Me Like You Do" sung by Al Edick and Judy Kohl, and a solo "The Wedding Song" sung by Al Edick.

The church flowers consisted of 2 wicker baskets filled with silk flowers of white and shades of dusty rose to burgundy with a background of greenery.

Maribeth is the daughter of Richard and Maxine Good of Grayling. She attended Grayling High School and is a 1984 graduate of Central Michigan University with a Bachelor of Science degree in education. She is currently a substitute teacher and coach at Jenison Public Schools.

ployed with United Parcel Service.

The bride wore her sister's wedding gown of ivory cage with Alencon lace yoke designed with a high rise neckline and tiny pearls. The gown also had puffed sleeves with Alencon lace cuffs and a Watteau chapel train. She wore a derby style hat covered with Brussels lace in ivory, Illusion Pouff and waist length streamers with matching blusher. The bride carried an ivory silk flower bouquet with rose springs.

The bride's sister, Pam Crook of Haslett, Mich., served as Maid of Honor. The bridesmaids were Mary Jo DeLong of Prudenville, Margie Kovach of Muskegon, and Sherri Reed of Lansing. The bride's attendants wore off the shoulder gowns of Taffeta blend and lace of Chantilly in a dusty rose. The gowns also had puffed sleeves, was gathered at the waistline with cummerbund and an attached lace accented train. A baby's breath wreath with trailing rose ribbon was worn for a headpiece. The bride attendants carried a single silk pink rose with baby's breath and trailing lace ribbon.

For her daughters wedding, Mrs. Good wore a floor length teal blue gown with a lace bodice and crepe skirt. Her accessories were in teal blue with white. Mrs. Good carried a long stem pink rose with baby's breath and pink with white lace ribbon streamer.

The groom's mother wore a floor length empire waist gown of Organza over taffeta in light blue. She carried a long stem pink rose with baby's breath and pink with white lace ribbon streamer.

A reception was held at Patti's Place where a buffet dinner was served. Music was provided by "Almost Live" disc jockey from Saginaw.

Honored guests were Mrs. Laura Johnston, the groom's grandmother, of Grayling, and Mr. and Mrs. Rico Brandi, the bride's Godparents, of Dearborn, Mich. Out of town guests were from Grand Rapids, Dearborn, Ann Arbor, Drayton Plains, Muskegon, Flint, Alma, Haslett, Mt. Pleasant, East Lansing, Pontiac, Fort Wayne, Ind., Carmel, Ind., Charlevoix, Waterford, Ypsilanti, and Hamilton, Ohio.

Resource Review

By Bruce Patrick
Conservation Officer

The Natural Resources Commission recently passed regulations for the 1985 bear hunting season. There are some differences this year, especially in regard to baiting. The major portions of the regulations are:

- a bear license is required; a holder of a senior citizen hunting license may obtain a free bear tag at any DNR district or regional office;

- in the open counties in Zone 2 the seasons are a) September 10-16, firearms or bow and arrow, use of dogs allowed under permit and b) October 1-7, bow and arrow only, no dogs permitted;

- upon killing a bear, the license holder shall immediately tag the bear; the bear must also be presented for registration at a DNR office within 72 hours of being killed.

Baiting rules for this season are:

- unlawful to establish bait station before August 27 statewide or after October 31 in Zone 1 and after October 7 in Zone 2;

- natural items only at bait stations - no metal, plastic, wood, glass, fabric, cloth or paper at a bait station;

- bait must be on the ground.

Counties in Zone 2 are open to bear hunting: Alcona, Alpena, Antrim, Charlevoix, Cheboygan, Crawford, Emmet, Iosco, Kalkaska, Missaukee, Montmorency, Ogemaw, Oscoda, Otsego, Presque Isle and Roscommon.

Mourning Dove Season Scheduled for September

Lansing — A limited 22-day trial season for the hunting of mourning doves in southern Michigan has been given the go-ahead by the Natural Resources Commission (NRC). This action was taken at their July meeting. Michigan now joins 35 other states who currently administer mourning dove hunting seasons.

"This will be an experimental, strictly monitored hunt," says Commission Chairperson Thomas J. Anderson. "The future of mourning dove hunting in Michigan will rest on careful examination of all the hunting data gathered this fall." Added Anderson, "Review of the latest biological data, evaluation of the season, a hunter survey and public input will be used in determining our decision for future mourning dove seasons."

The season has been scheduled for September 15-October 6, 1985, with a daily bag limit of six birds. Hunting hours will begin one-half hour before sunrise and continue until sunset.

Areas open to hunting shall include the area of the State south of US-10 from Ludington to the Saginaw River in Bay City and the Saginaw River to its mouth at Saginaw Bay. This includes the primary agricultural lands which constitute the major mourning dove range in Michigan. Any persons hunting

mourning doves this season must possess a special mourning dove hunting permit. The permit is free and can be obtained by sending a self-addressed stamped envelope to: Mourning Dove Permit, Wildlife Division, P.O. Box 30028, Lansing, Mi. 48909.

This limited hunt of the mourning dove, the most popular game bird in N. America and a federally recognized game bird for over 60 years, is part of the Department's efforts to increase wildlife oriented recreation in southern Michigan.

Data Processing Offered at Kirtland This Fall

Two Data Processing programs will again be offered at Kirtland Community College this fall: a one-year certificate program, and a two-year associate degree program. Last year was a successful first year for both programs, and college officials are hoping for even more interest in the coming year.

The one year certificate program is directed at people involved in operating small businesses with emphasis on using a microcomputer. The computer programming language BASIC is taught, in addition to exploring various commercially available packaged software. Other fundamental business areas that are covered in the program include Introduction to Business and Accounting.

The two-year associate degree program is directed at persons seeking immediate employment as computer programmers in a business environment, or those interested in transferring to a four-year program. The program prepares students in skills related to the flow of business information at a more detailed level than the one-year certificate program. Students learn to program on both a microcomputer and minicomputer, using the business oriented languages of Pascal, Cobol and RPG II.

Other areas of study include system analysis, data structures, commercially available software packages and

accounting.

For further information, call Kathy Graff at 517/275-5121, extension 265.

"Joy in Geriatric" at Mercy Hospital

"Joy in Geriatrics," a
satellite videoconference on
August 9, 1985, from 1:00 to
4:00 p.m., will focus on
psychosocial issues in
geriatric care.

This live interactive
program will challenge the
myths of aging held by both
patients and care givers. It
will also help participants
find new ways to enhance the
quality of life for geriatric
patients.

"Joy in Geriatrics" is the
life work of Nancy Fox, an
enthusiastic and determined
nurse recognized as a
pioneer in promoting the
idea that humor and a sense
of well being are as vital to
the patient as medications
and care plans. Ms. Fox has
lectured to tens of thousands
of care givers in hospitals
and long-term care facilities
nationwide.

"Joy in Geriatrics" is
designed for all care givers
who work with long-lived
patients including staff of
hospitals and nursing
homes, home health agen-
cies, mental health centers,
as well as social workers,
physicians, therapists, ad-

Registration at Calvary Baptist Academy

Registration will be held at
Calvary Baptist Academy on
Tuesday, August 13, 1985,
from 9 to 12 noon, and from 6
to 9 p.m. Calvary Baptist
Academy is an educational
arm of Calvary Baptist
Church located 1½ miles
west of Grayling on M-72.
Calvary Baptist Academy
utilizes the Accelerated Chris-
tian Education system from
grades Kindergarten
through 12. Accelerated
Christian Education is the
fastest growing educational
system in America.

The purpose for Calvary
Baptist Academy is to main-
tain a day school where our
children can be free to use
the Bible as any other text-
book; learn how they owe to
God their life, liberty and
property, instead of govern-
ment. To teach them the im-
portance of the home, family
members, and family
values. To teach them
patriotism based upon the
principles of government
that built America. The
stress here is on personal
discipline and responsibility.
The stress in education is on
the basics, Math, Science,
Social Studies, and English.

Students are received into
the school without respect of
race, creed, national origin,
sex, or religion. We only
require that each student
personally desire to attend
the school, and that the
parents and students will
support the personnel, pro-
gram and policies of the
school at all times.

Calvary Baptist Academy
is not in competition with the
public school. We have
neither the room or desire to
become a large school. How-
ever, for those individuals
who appreciate the value of
Bible-center, Christ-
centered education, we
pledge our continued service
in developing Christian
leaders for tomorrow.

Won't You Join Us To Save The Face of This Aging Lady?

The Grayling Health Care Center in cooperation with the Hillhaven Corporation is proud to sponsor the "Rehabilitation of an Aging Lady" campaign as a tribute to another great lady: Kate Smith.

Currently a \$230 million, 2½ year project is underway to restore the aging Statue of Liberty and Ellis Island to be completed by 1986. A well-known symbol of freedom and hope to the world. The statue has been primarily paid for through contributions raised by the French and American peoples with a significant amount having been raised by American schoolchildren.

Here is how you can help - All you have to do (beginning July 27 & ending August 31) is to accept donations from your customers. Any donation of \$2 or more will entitle your customer to a

chance at winning a 1986 Dodge Series 600 Convertible valued at \$13,000 or a \$500 U.S. Savings Bond or a \$100 U.S. Savings Bond.

It is estimated that 17 million immigrants have passed through Ellis Island, but nearly 100 years of wind, rain and snow have taken their toll on this national treasure so now it's our turn. Won't you join us to save the face of this aging lady?

Resolution on Sanctity of Life

Calvary Baptist Church of Grayling has unanimously endorsed the following resolution on the Sanctity of Life as originally approved by the General Association of Regular Baptist Churches at their Annual Conference in Springfield, Illinois:

WHEREAS the Bible teaches the "breath of Life" is a gift from God and is sustained by Him (Gen. 2:7; Job 10:12; Ps. 21:4; James 4:14, 15);

AND WHEREAS God is knowledgeable of even the death of a sparrow (Matt. 10:29) and has stated His concern for every child (Ps. 127:3; Lk. 17:2) and concern for the elderly (Ps. 37:25; 71:17 & 18), especially those who are ill and afflicted with incurable diseases;

AND WHEREAS the Word of God teaches the sanctity of human life prior to birth and the identification of the fetus as a person later born (Jer. 1:4,5; Ps. 139:3-16; Isa. 49:5) and the wrath of God against those who cause a child to be aborted, whether intentional or unintentional (Ex. 21:22, 23);

BE IT THEREFORE RESOLVED that we, the messengers of the 54th Annual Conference of the General Association of Regular Baptist Churches meeting in Springfield, Illinois, June 24-28, 1985, do hereby state that we deplore the legalization of abortion, the proposed legalization of euthanasia, the private and public funding and tax exempt status of those organizations which promote and participate in this practice;

BE IT FURTHER RESOLVED we commend those approved agencies that provide an alternative to abortion and care for the elderly.

Black Hole

Astronomical observations reported recently reveal an enormous amount of material concentrated near the heart of our Milky Way galaxy providing strong new evidence for the presence of a black hole there.

Black holes are believed to be the power behind quasars, massive objectives more luminous than the brightest galaxies in the universe. They have a gravitational pull so great that nothing, not even light, can escape.

Chamber Chatter

This weeks Chamber Chatter will be more of an editorial than a report. After one month on the job I am still very enthusiastic about promoting our region. We have a fairly easy area to promote given the manpower and the money. Therein lie the problems that face the Chamber.

We work on a very limited budget, so immediately large promotional expenditures such as T.V. and magazine ads and travel or trade shows are impossible. Therefore, downstate residents have no idea what we have to offer. Even a billboard near I-75 exit would take more than half of our budget. The obvious answer to any money problem is to earn more money. This we could do by either raising our membership costs or finding more members. The latter we are doing but it will take time. For one reason or another more than half of the businesses in the County are not members. (Probably because they feel we don't do enough which is because we don't have enough members.) If we were to raise our membership costs we would surely lose many small businesses also. The only alternative is to sponsor fund-raising events which puts us into direct competition with every other non-profit organization, for both time and money, in the County. When we do try to organize a fundraiser and we need manpower to organize and stage an event, unfortunately about all we get are suggestions and criticism. In only one month I have really gotten an earful. It is very fortunate for this County that there are a few who are always willing to work for the good of the many. They are the same people that you can see on any committee. They are busy exercising their back muscles while the vast majority are busy exercising their jaw muscles.

It's no way to promote a business, town or County, and it doesn't have to be that way. These could be exciting times for all of us so please help the Chamber become efficient, join and participate in your own prosperity.

The Chamber office is in need of a few items which someone may wish to donate: 1 long folding table, 1 card table and several folding chairs. Please call the office at 348-2921 or 348-7315.

This week we welcome into membership the Grayling Dairy Queen and associate members Mr. and Mrs. Benjamin Butts and Mary and Al Harland. The Chamber is happy to have these fine folks supporting their endeavors.

Help your kids to just say no.

CHURCH DIRECTORY

Over The Waves

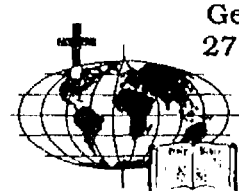

They hold hands, but she pulls back, just a little. The water's cold, and even though the breakers are not that formidable they look pretty big to her. But he keeps tugging, determined to prove his own bravery, and pretty soon she follows, laughing, and they splash in.

Watch children and you will see that often one takes over, leads the other, bolstering his or her courage in the process.

Maybe we could take a lesson from them. We all need to lead someone else sometimes, and to be influenced at other times. All of us need a place, where we can recharge ourselves and our energies and beliefs. A place where we can pause and heed a wisdom that will better prepare us for the living of life.

The Church is great for that. Visit your Church or Synagogue this week.

Circus Coming To Town On Sunday, Aug. 11th

There's no show on earth like a three ring circus, no circus like a Big Top Show. The huge canvas tent becomes a magical world of its own, a world where high excitement rules and everyone's invited to be a child.

Toby Tyler Circus of Sarasota, Florida, the largest three ring Big Top circus in America, brings this magic microcosm to cities and towns throughout half the country for six months a year.

Toby Tyler Circus has added new attractions to the standard circus fare...features that haven't been seen since the circuses of yesterday.

For example, a full ten piece circus brass band mood throughout each show.

Toby Tyler's "Frank Buck Bring 'Em Back Alive" Menagerie presents more than 100 wild animals in a separate tent so circus goers can get a close look at such compelling creatures as the giant ape "Tyron the Terrible" and a duo of charming hippopotamuses.

The Menagerie is named for the star of early 'jungle' movies who joined the circus after leaving Hollywood. And it's the first full circus menagerie offered in decades.

Inside the giant Big Top, Toby Tyler Circus presents three rings of perpetual activity. High wire and trapeze artists defy danger and gravity...high above the Big Top floor, without nets. Trampolines and teeterboards are set in motion by expert acrobats. And, of course, clowns are everywhere.

Toby Tyler Circus animals are stars in their own right, performing with some of the country's most accomplished trainers. World renowned trainer Werner Edling, late of Ringling Bros. Barnum & Bailey, headlines the animal acts with his herds of African elephants. Edling also stars during the "Frank Buck Bring 'Em Back Alive" Extravaganza, when the Menagerie literally fills the Toby Tyler Circus Big Top in a sensational animal revue.

Wild horses, the "Pride of the Tyler Ranch," thunder into all three circus rings to enchant with the Liberty Acts, a performance without riders.

It's hard enough to get lions to work with each other, let alone with tigers and bears in the same steel arena. But in an absolute unique act, Toby Tyler Circus presents them all!!

Then, camels, llamas, and zebras do an act together, as if they're trying to upstage the cats and bears.

But "spectacle" is the name of the circus game, so Toby Tyler Circus continually amazes with each new act and tops off the evening with the breathtaking grand finale featuring the "Perilous Plunge of Death."

The Toby Tyler Circus show is even more phenomenal in light of the circus' seven day a week schedule. The circus plays only one day in each town, bursting on the scene with hundreds of performers and animals, miles of canvas, tons of feed and sawdust,

trucks full of glittering costumes and all the rigging and props that the various acts will use.

Somehow during the course of the day, the circus sets up every item it packed the night before. The Big Top is staked out. The rings are prepared, everyone is fed, the trainers and performers warm up. When the gate opens for the first Toby Tyler Circus performance, the audience sees only precision and glamour.

Then, after the grand finale has dazzled the crowd and the last starry eyed lingerer has dragged himself out of the Big Top, Toby Tyler Circus will pack up its tents under the cover of darkness. The circus will be off at dawn to bring its magic to another town and another audience.

Don't miss the Toby Tyler Circus when it rises in Grayling for one day only for two performances, 1:00 & 3:30 p.m. at Fred Bear Drive - M-72 West all for the benefit of Grayling K of C.

Lovells Recall (Continued From Page 1)

one slipped out of town with a lot of money. The money has been put to good use for the community. What's there, I'm proud of — it's going to do a lot of good for the township."

Township trustee Esther Joyce Mullin said she doesn't believe the charges are true and she felt the people making them didn't investigate them thoroughly.

"Not one person has asked me about these things. No one has called or even written me a letter asking why the board acted this way," she said.

Mullin said one good thing has happened because of the recall effort. She said more people have become involved with their local government and more people are attending township meetings.

Strolling Around Town

By Fay

Thank you, Larry Mac, for sweeping your sidewalks. Whitey may kid you, but everybody who keeps their sidewalk clean needs a bouquet instead. We know a lot of downtown merchants do get out often and clean; one business place was having the sidewalk hosed down on Friday.

Since the removal of the big planters downtown, new half barrels of flowers are appearing. Keyport Clinic and Initial Impressions have nice flowers as well as many others I've mentioned.

Portions of roads and sidewalks are being removed and replaced while GTE lays underground cable. While doing the Maple-State Street bridge (better known as the "back bridge") they've managed to remove a bump that's been there for some years. Over on Peninsular it appears that all of the sidewalk on the north side of the street will be new. Larry Mac was heard to remark that he was glad it was on that side as part of his lawn has just been resodded and I believe, he's installed a sprinkler system. His yard looks very nice.

Next door to him, the Shepherds have flowers and across Ottawa the Bill Weaver home has been remodeled with new porch pillars. If I'm not mistaken it's also been painted, now a Colonial blue.

Cooperative Nursery School

Grayling Cooperative Nursery school will begin its 1985-86 school year under the direction of Ms. Danna VanKeersbilck a fully qualified pre-school teacher with a C.D.A. from the University of Michigan and an excellent record as an educator of young children.

A four year association with the Macomb County Headstart Program included instructing and supervising children in socialization skills, gross and fine motor skills, health and safety rules, and working with parents to upgrade skills & provide specific services. Proceeding her Headstart experience Ms. VanKeersbilck was a nursery school teacher at Senton Nursery School in Farmington Hills. The Senton nursery program was specifically designed as part of the Child Abuse Pre-

vention program and included children 2½-5 years of age.

In addition to her pre-school experience Danna has been a Sunday School teacher and a Big Sister in the Macomb County, Big Brother/Big Sister program. She is currently involved in a specialized program with Special Education through Northern Michigan Mental Health.

Danna feels being single allows her the time to fulfill her professional and volunteer goals along with time for her hobbies of dance, both jazz and tap, bicycling and aerobics.

After a lifetime of part time residency in northern Michigan, Danna decided to become a permanent resident of the area a year ago, a decision that she feels has been most gratifying to her.

Ms. VanKeersbilck is currently working on a yearly lesson plan for the Grayling Cooperative Nursery which will add many new educational, creative, and fun, activities to our very successful 3 and 4 year old programs.

In order for the community to have an opportunity to meet Danna and find out more about the Grayling Cooperative Nursery itself we will be hosting an Open House Wed., Aug. 14, 6:30-8:30 p.m. at the Nursery on Plum St. (follow sign on Michigan Ave.)

If you have previously enrolled your child, are interested in enrollment or just curious about what the Grayling Cooperative Nursery has to offer, please bring yourself and your children in and visit with us on Wed., August 14.

For nursery school registration and information please call, Gloria Dana, Membership Chairperson 348-7025, Mary Everson, Co-Treasurer 348-8542 or Sandra Davis, President 348-2486.

Youth Bowling Sign-Up Aug. 10

Editor's Mailbox

August 4, 1985

To: Crawford County Avalanche,

In the August 1, 1985 issue of the Avalanche, Dr. Karl W. Glander of 7750 Madison Avenue, Indianapolis, Indiana 46227 decided that Bob Andrus is not a "proper" spokesman for the area members of Trout Unlimited and does not reflect the "majority" opinion regarding "No-Kill" on the Mainstream of the AuSable River.

Dr. Glander, a member of Trout Unlimited in Indiana, together with "fishermen" in Detroit, Ohio and Illinois, feel that the folks in Northern Michigan and the Grayling area need to be "directed".

I am certain that Dr. Glander was not present at the Annual Meeting of Trout Unlimited in Bolton Valley, Vermont on Saturday, June 22, 1985 when Bob Andrus received the National Trout Unlimited Award as "Trout Unlimited Member of the Year." It may well be that, in spite of Dr. Glander, there are more than a few TU members, including the National Board of Directors of Trout Unlimited, who feel that Bob Andrus is a worthy member.

I would suggest that Dr. Glander look for other windmills to battle and to wipe the egg off his face before he sees his next patient.

Yours truly,
Robert C. Franklin

Mr. Whitey Madsen:
Read your fine weekly paper while enjoying breakfast in one of Grayling's good restaurants following the Milltown 10K. First time I have really been in Grayling. Spent the afternoon enjoying the parade, watching the AuSable flow and soaking up the sun. The race was well run. Good registration - nice race course - excellent refreshments at the finish with proper water stops and splits on the course. The awards were timely and well done.

Your community efforts show in your clean hospitable county. Thanks for "a great day".

Enclosed please find \$1.00 for a copy of your Crawford County Avalanche for the date of August 1, 1985.

Yours,
Daniel F. Herringa

Celebrate 90th Birthday

Mrs. Margrethe Mangsen had two very special days to celebrate her 90th birthday which fell on Wednesday, July 31, 1985. On the previous Sunday, her children and grandchildren hosted a buffet dinner at her home on Roberts Road for about 45 relatives. For this very special occasion they came from Wyoming, Colorado, Texas, Illinois and Ohio. The home was decorated with balloons and streamers for the festive party.

On her actual birthday, her sisters, Helen Mowbray and Tillie Paulsen, hosted an Open House for relatives and friends. This affair was held at the former's cottage at Danish Landing at Lake Margrethe. About twenty-five people attended.

Mrs. Mangsen received many lovely gifts, flowers, and cards, and enjoyed the many congratulations on this happy event.

CARD OF THANKS

I would like to thank the Grayling Health Care, Sorenson Funeral Home, also the A.S.E.R.T. Club and friends and neighbors for the cards and other gifts. Kermit LaMotte
